Dimensions

- Box dimensions (W x H x D): 150 x 170 x 75 mm
- Master carton dimensions: 176 x 162 x 234 mm
- Master carton quantity: 3
- Packaging type: D-box
- Product dimensions (WxDxH): 43 x 23 x 97.5 mm

Power

- Battery type: AAA / LR03 Alkaline
- Battery Playing time (Tuner): Up to 10 hours*

Software

- Device manager
- Windows Media Player 9
- Windows Media Player 10

Highlights

Mini SD Expansion Slot

This special slot on your player accepts standard flash memory SD cards so you can expand additional memory on your player. Enjoy greater flexibility of increased storage capacity anytime and anywhere.

Voice recording

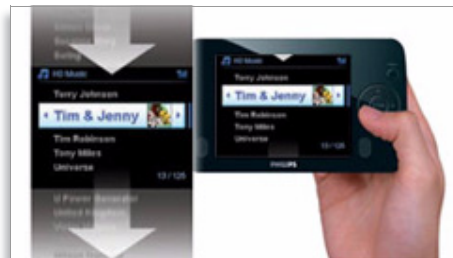

Voice recording converts your GoGear player into a handy dictation machine. Besides playing music or listening to radio, you can also record notes or reminders for work or school, record shopping lists and phone numbers – even song lyrics. By pressing the recording button and speaking into the built-in microphone, voice messages are compressed and stored in the built-in internal memory. Voice recording gives you a highly portable voice recorder allowing you to record anything, anytime and anywhere!

FM Recording

Enjoy your favorite FM radio programs whenever you like, as often as you like. Simply activate the record function when you hear your favorite radio programs, the player encodes the radio signal into WAV and stores the file into the FM recording folder under the Recording menu.

SuperScroll

For fast and precise navigation to your favorite song. Navigate through hundreds of songs easily and smoothly - or one at a time - in just a few seconds. You can choose to move through your playlist one song at a time or just press and hold down a little longer to SuperScroll swiftly to your desired track.
